

119TH CONGRESS
1ST SESSION

S. _____

To award a Congressional Gold Medal, collectively, to the brave women who served in World War II as members of the U.S. Army Nurse Corps and U.S. Navy Nurse Corps.

IN THE SENATE OF THE UNITED STATES

Ms. BALDWIN introduced the following bill; which was read twice and referred to the Committee on _____

A BILL

To award a Congressional Gold Medal, collectively, to the brave women who served in World War II as members of the U.S. Army Nurse Corps and U.S. Navy Nurse Corps.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “WWII Nurses Con-
5 gressional Gold Medal Act”.

6 **SEC. 2. FINDINGS.**

7 The Congress finds the following:

1 (1) On December 8, 1941, the United States
2 declared war against the Empire of Japan, followed
3 by declarations of war against Germany and Italy on
4 December 11, 1941. In 1935, there were fewer than
5 600 United States Army nurses and 1,700 United
6 States Navy nurses on active duty. By the time
7 World War II ended, more than 59,000 Army nurses
8 and 14,000 Navy nurses had volunteered to serve.

9 (2) The Act of June 4, 1920 (41 Stat. 759;
10 chapter 227), granted women in the Nurse Corps
11 “relative rank.” This gave them the right to wear
12 the military insignia, but did not confer military sta-
13 tus or privileges. This arrangement meant women
14 serving throughout World War II received 50 per-
15 cent of the pay as compared to their male counter-
16 parts, and none of the veteran benefits. Because
17 they did not receive military status, they received no
18 orientation or training before being deployed to hos-
19 pitals near the front lines.

20 (3) Nurses served under fire in field hospitals
21 and evacuation hospitals across 6 continents, on hos-
22 pital trains and ships, and as flight nurses on med-
23 ical transport planes. Several nurses were killed in
24 action when their ships were torpedoed or field hos-
25 pitals were bombed. Some even entered into combat

1 areas as flight nurses to retrieve the wounded, and
2 2 groups were captured as prisoners of war by the
3 Japanese.

4 (4) General Douglas MacArthur ordered Amer-
5 ican and Filipino Army Corps nurses and other med-
6 ical personnel to the Bataan Peninsula to prepare 2
7 emergency hospitals for United States and Filipino
8 forces. General Hospital #1 received casualties di-
9 rectly from the front lines and occupied an old Army
10 barracks in Limay, Bataan prior to implementation
11 of War Plan Orange 3 on December 24, 1941. The
12 hospital received more than 1,200 battle casualties
13 requiring major surgery within a month. General
14 Hospital #2, a makeshift open ward hospital, was
15 set up in Cabcaben, Bataan to receive discharged
16 patients from Hospital #1. Hospital #2 accepted
17 patients strong enough for evacuation, as it was out
18 in the open, with no tents or buildings, and only tree
19 canopy to conceal them from Japanese aircraft. Be-
20 cause of constant bombing near Limay, Hospital #1
21 was transferred to Little Baguio in Mariveles, Ba-
22 taan on January 25, 1942. Hospital #1 was bombed
23 on March 29, 1942, and again on April 7, killing or
24 wounding more than 100 patients, but the nurses
25 carried on with their duties as well as they were

1 able. Fifty-three American and 31 Filipina nurses
2 were ordered to move from Bataan to Corregidor Is-
3 land on April 8. Ten of the American nurses were
4 transferred successfully to Australia prior to the fall
5 of Corregidor on May 6, 1942. Sixty-seven American
6 nurses were eventually moved to Santo Tomas Uni-
7 versity Internment Camp where they were liberated
8 in February 1945 while 31 Filipina nurses were
9 moved to Bilibid Prison where they were condi-
10 tionally released in July 1942.

11 (5) On December 10, 1941, Sangley Point
12 Navy Yard was bombed by Japanese planes. Amer-
13 ican and Filipino Navy Corps nurses, medical per-
14 sonnel and patients of Cañacao Naval Hospital were
15 transferred to the Army Sternberg Hospital in Ma-
16 nila. During the first week of January 1942, the
17 Japanese Army occupied Manila and the Navy
18 nurses were transferred to St. Scholastica's College
19 with their patients and eventually to Santo Tomas
20 University Internment Camp on March 12, 1942.
21 Eleven American and Filipino Navy Corps nurses
22 were transferred to Los Baños Prison Camp on May
23 14, 1943, where they stayed until their liberation in
24 February 1945. Following the United States Army
25 surrender of the Philippines to the Japanese on May

1 6, 1942, 67 Army nurses were taken to Santo
2 Tomas Internment Camp in Manila, where they re-
3 mained until February 1945. During the 37 months
4 in captivity, these women endured primitive condi-
5 tions and starvation rations, but continued to care
6 for the ill and injured in the internment camp hos-
7 pital.

8 (6) Asian-American nurses (Chinese, Chinese
9 American, Japanese American) served in Army Hos-
10 pitals in China, Hawaii and in the mainland U.S.
11 under the Army and Navy Corps. Despite the in-
12 ternment of many Japanese American families dur-
13 ing World War II, Japanese American women joined
14 the Nurse Cadet Corps to serve the United States.

15 (7) Early in the morning of November 8, 1942,
16 60 nurses attached to the 48th Surgical Hospital
17 landed off the coast of North Africa. The nurses
18 wore helmets and carried full packs containing med-
19 ical equipment. Without weapons, they waded ashore
20 amid enemy sniper fire and ultimately took shelter
21 in an abandoned civilian hospital, where they began
22 caring for invasion casualties. There was no elec-
23 tricity or running water, and the only medical sup-
24 plies available were those the nurses had brought
25 themselves.

1 (8) In Anzio, Italy, nurses dug foxholes outside
2 their tents or under their cots and cared for patients
3 under German shellfire. The field hospital tents were
4 marked by large red crosses and were sometimes de-
5 liberately hit with artillery shells and bombs. On
6 February 7, 1944, a German pilot being pursued by
7 British fighter planes dropped 5 antipersonnel
8 bombs on the hospital, destroying 29 ward tents,
9 killing 26 and wounding 64. The dead included 3
10 nurses, 2 medical officers, a Red Cross worker, 14
11 enlisted men and 6 patients. Troops came to refer
12 to the hospital area as “Hell’s Half-Acre” because it
13 was hit so frequently by enemy fire. At least 200
14 nurses took part in the Anzio campaign, caring for
15 more than 33,000 patients behind enemy lines.

16 (9) Army and Navy nurses acclimated quickly
17 to difficult and dangerous conditions with a min-
18 imum of complaints, and were essential members of
19 the field armies.

20 (10) The presence of nurses at the front im-
21 proved morale because soldiers realized that they
22 would receive skilled care in the event they were
23 wounded.

24 (11) Thanks largely to the efforts of these
25 nurses, fewer than 4 percent of the American sol-

1 diers who received medical care in the field or under-
2 went evacuation died from wounds or disease.

3 (12) After the war, broad public health mis-
4 sions required that Army and Navy nurses supervise
5 communicable disease measures as former enemy
6 countries were reorganized. In Hiroshima, these offi-
7 cers cared for victims of the atomic bombs. In Mu-
8 nich, they prevented mass epidemic in refugee
9 camps. Army and Navy nurses even provided pre-
10 natal, infant, and mental health care in other
11 former-enemy territories.

12 (13) Nurses received 1,619 medals, citations,
13 and commendations during the war, reflecting the
14 courage and dedication of all who served. Sixteen
15 medals were awarded posthumously to nurses who
16 died as a result of enemy fire, including 6 nurses
17 who died at Anzio, 6 who died when the hospital
18 ship Comfort was attacked by a Japanese suicide
19 plane, and 4 flight nurses. Thirteen other flight
20 nurses died in weather-related crashes while on duty.

21 (14) In 1944, Congress passed a bill that
22 granted Army and Navy Nurses actual military rank
23 and benefits, approved for the duration of the war
24 plus 6 months.

1 (15) In 1947, Congress passed legislation estab-
2 lishing a permanent Army and Navy Nursing Corps
3 and gave members permanent officer status with
4 equal pay and the same benefits as those given to
5 male officers.

6 (16) In 1948, all military branches were inte-
7 grated and female doctors were finally admitted to
8 the Army Medical Corps.

9 (17) Although African-American nurses were
10 fully qualified and prepared to serve as nurses at the
11 onset of World War II, racial segregation and dis-
12 crimination made it difficult for Black women to join
13 the ranks of the Army Nurse Corps.

14 (18) As the Army Nurse Corps began expand-
15 ing its recruiting process, thousands of Black nurses
16 who wanted to serve their country filled out applica-
17 tions.

18 (19) While the Army did eventually integrate
19 African-American nurses in 1941, it did so
20 unwillingly and placed a quota on the number of Af-
21 rican-American nurses that they would accept, cap-
22 ping the number allowed to join at 56.

23 (20) Many of them had hardship tours and
24 were sent to segregated camps to take care of Afri-
25 can-American soldiers and would rotate and allow

1 White nurses reprieve in taking care of German pris-
2 oners of war. As the war progressed, the number of
3 Black nurses allowed to enlist remained low, al-
4 though the quota was officially lifted in July 1944.

5 (21) The extraordinary efforts of these women
6 are deserving of belated official recognition.

7 (22) The United States is eternally grateful to
8 the nurses of the Army and Navy Nurse Corps for
9 their bravery and dedication to their patients
10 through World War II, which saved lives and made
11 significant contributions to the defeat of the Axis
12 powers.
